Good Morning Region 10 Providers,

I have a few updates for you below.

October DY5 Reporting Dates

- January 19, 2017 - October reporting DY5 DSRIP payments for transferring hospitals and the top 14 IGT entities were processed.
- January 31, 2017 - Remaining DSRIP payments (DY4 payments for all providers and DY5 payments for remaining providers that were not paid on January 19) will be processed. **Note that there are separate transactions for each payment for each DY.**
- February 24, 2017 - HHSC and CMS will approve or deny the additional information submitted in response to HHSC's "Needs More Information" (NMI) requests from October reporting.

Category 3 Summary Documents

- Category 3 Summary Workbook and Goal Calculator is being updated, as well as the Category 3 RHP Summary. These are posted on the HHSC website under Tools and Guideline, Category 3. The updated workbooks should reflect Category 3 data as submitted through the October DY5 reporting process, as well as MSLC updates sent to HHSC by January 17th. These summary documents do not reflect any data submitted through the NMI review process.

Category 3 Interim Corrections

- The Category 3 DY6 R1 Interim Corrections template is available on the HHSC website and is attached. Most P4P outcomes that have submitted at least one year of performance are eligible to submit a correction in the interim correction period. Category 3 DY6 R1 Interim Correction eligibility is indicated in the Category 3 summary documents as well as the Interim Correction Template. Interim corrections if needed should be submitted to the waiver mailbox by **February 19th**.

Just a reminder to please provide feedback on the questions for the **Sustainability Milestone template** that are posted on the Waiver website. HHSC would appreciate feedback via the waiver mailbox by **January 30th**.
