

Good Morning Region 10 Providers,

I have a few updates for you below.

DY6

- HHSC continues to work to finalize the second set of DSRIP rules for adoption. HHSC anticipates that the adopted rules will be published in the *Texas Register* in October 2016, and will notify anchors when they are published.

DSRIP Reporting

- Anchors, Providers, and IGT entities should now have access to the *Project Reporting Summary* under the "Reports" function on their home page's menu bar. Attached please find a brief guide to the new *Project Reporting Summary*, as well as the *Uploaded Files Summary*. This information will be included in the updated version of the DSRIP Online Reporting System User Guide for October DY5. If you have any questions about the reports, please contact the Waiver mailbox at TXHealthcareTransformation@hhsc.state.tx.us.
- In preparation for October DY5 reporting, HHSC plans on sending out our semi-annual user/contact update today to help ensure providers have up-to-date access to the reporting system. The updates will be due back to the RHP mailbox (RHP_Region_10@jpshealth.org) on **Tuesday, September 27th**. Additional instructions will be provided in today's email.

Upcoming Category 3 Due Dates

- Category 3 Alternate Achievement Request for DY6: Have been sent to HHSC by *Anchors*.
- Category 3 Interim Corrections: These were due earlier in the summer, but the absolute deadline for any outstanding requests is **September 14th**. To be sent to HHSC by *provider*.
- Category 3 Stretch Activity Selections for DY6: Are due to the RHP mailbox (RHP_Region_10@jpshealth.org) on **Tuesday, September 27th**..

Medicaid Provider Re-enrollment

- To participate in DSRIP, each DSRIP provider must be an enrolled Medicaid provider. To comply with federal Patient Protection and Affordable Care Act (PPACA) requirements, **providers must re-enroll with Texas Medicaid by September 24, 2016** or face potential payment disruptions. Attached is a list of DSRIP providers who had not initiated re-enrollment as of last week. If you have additional questions about re-enrollment, please see this [Provider Enrollment Tools Quick Reference Guide](#).

Waiver Website

- The new HHSC website launched September 1st, and the new address for the main waiver website page is <https://hhs.texas.gov/laws-regulations/policies-and-rules/medicaid-1115-waiver>, although there is a re-direct to this link if you use the previous waiver website address. However, links we have sent out in the past for documents on the waiver website will no longer work.
- HHSC understands (and shares!) your frustration that many links are currently inaccessible on the waiver website, and that more recent updates (such as the SLC presentations and Cat 3 Alternate Achievement Request template) did not make it over to the new site. HHSC is working with their Web services to get information back up there and accessible as soon as possible. Thank you for your patience!

Please let me know if you have any questions.

Have a wonderful day,

Heather Beal, MHA
